59. Developed by the panel during a brainstorming session at their first meeting, September 28, 1993. This "wish list" for the curriculum of the future could, if all courses were

included, extend the traditional length of graduate training far beyond the current 1-2 years. However, it provides a good description of the kinds of knowledge and skills that the panel believes are important for health sciences librarianship.

61. These courses are offered at annual and chapter meetings of the MLA. In 1993, 18 MLA CE courses were offered at chapter meetings. 813 people attended 10 MLA CE courses and 18 New Perspectives courses at the 1993 MLA annual meeting; in 1994, 783 people attended 11 MLA CE courses and 19 New Perspectives courses. New Perspectives courses are owned by the developer, not MLA, but may be offered at MLA meetings.
